

1) Describe your interest in the program and any previous laboratory animal or research experience. Please limit your response to 1/2 page.

2) What are your career interests, and how will this program help you reach your goals? Please limit your response to 1/2 page.

- 3) Provide one **letter of evaluation** from a Tufts University School of Veterinary Medicine faculty member who can evaluate your interest and potential in this program. This letter should also be addressed to Dr. Angie Warner, Master's Program Director, and sent to the Office of Admissions.

*The Admissions Committee for the combined DVM/MS Program in Laboratory Animal Medicine requests access to your materials (i.e. GRE scores, official transcripts, etc.) submitted in support of your application to Tufts Cummings School of Veterinary Medicine in addition to your official transcript at Tufts Cummings School of Veterinary Medicine.*

I hereby give my permission for the Admissions Committee of the combined DVM/MS Program in Laboratory Animal Medicine to review all materials submitted in support of my application to Tufts Cummings School of Veterinary Medicine as well as my Tufts Cummings School of Veterinary Medicine student transcript.
